To whom it may concern:

This is the second year our school has offered the EDU Music Program to our youngsters in grades Pre-Kindergarten through First. The program is successful as the children thoroughly enjoy the music and movement. It is beautiful to witness learning taking place as the program promotes focus, coordination, and cooperation. The program supports listening skills in coordination with gross and fine motor skills; all this at under the direction of Mr. Kenny. He is professional and delightful. The children love to see him as they get very excited to sing, dance, jump, and shake, to say the least.

I would not hesitate to recommend Kenny and EDU Music to schools who wish to see growth supported by the necessary age appropriate elements geared toward learning overall.

Respectfully,

Mrs. Patricia Maldonado
Assistant Principal
